**PRELIMINARY AMENDMENT**

Assistant Commissioner for Patents  
Washington, DC 20231

Dear Sir:

In response to the final Office Action dated November 7, 2002 and the Advisory Action dated January 29, 2003, please enter the following amendments and consider the following remarks:

**In the Claims:**

Please amend claim 1 as follows:

1. (Twice Amended) An advertising method using software products in which at least one advertisement is inserted so that the software products can be distributed for free or at a low cost, the advertising method comprising the steps of:

inserting at least one advertisement into at least one portion of a software program contained in a software product during the making of the software product;

making the software program stop in operation during use of the software program when the inserted advertisement is displayed on a display screen; and

resuming the software program only when the inserted advertisement displayed on the display screen is clicked on;

wherein the software program with the inserted advertisement is reproducible and operable without connecting to the Internet.
